ROPHE ANGEL

Software Developer Intern
Chennai, India | 09962509590 | ropheangel1312@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience building solo software prototypes and contributing to hackathon teams. Interested in AI-driven applications and practical solutions built through iterative development.

EDUCATION

St. Joseph's Institute of Technology, Chennai
B.E. Computer Science and Engineering | Expected 2029 | Current CGPA: 7.2/10

SBOA Matriculation Higher Secondary School | Class XII: 70%

Spartan Matriculation Higher Secondary School | Class X: 69%

TECHNICAL SKILLS

- **Programming:** Python, Java, JavaScript
- **Web Development:** HTML, CSS, React
- **Tools:** Git, GitHub
- **Other:** Artificial Intelligence, Prompt Engineering, Data Analysis, Research, API Integration

PROJECTS

Jana Nayagan — AI-Assisted Research Prototype | Solo Project
- Independently built a research prototype (HTML, CSS, JavaScript, React, Python) with AI-assisted complaint analysis, map-based features, and workflow support.
- Developed the interface and core workflows; some backend functionality remains in progress.

HUSH — Spotify-Integrated Music Web App | Solo Project · Working Prototype
- Independently developed a working music-listening prototype with a custom interface and Spotify integration.
- Personally implemented Spotify authentication and browser-based music playback.

THADAM — Public-Fund Monitoring | Smart India Hackathon 2025 · Team Project
- Researched the problem and developed the Minimum Viable Product (MVP) and Unique Value Proposition (UVP) concepts.
- Created the complete presentation deck to communicate the proposed solution.

ICHNOVA — Automated Radio Signal Analysis | Smart India Hackathon 2025 · Team Project
- Researched the problem statement and supporting technical material.
- Contributed UI concepts and created the complete presentation covering the solution, technical architecture, feasibility, and impact.

EXPERIENCE

GradEarn — Founder | October 2026–Present
- Building a student-focused initiative offering freelancing guidance and support for innovation and hackathon participation.

Nissi Fresh Supermarket — Intern | June–July 2026
- Worked with GoFrugal, Excel, and Google Sheets for billing and operational tasks.
- Supported barcode operations, inventory organisation, shelf management, and customer assistance.

ACHIEVEMENTS & CERTIFICATIONS

- **V-Vortex Hackathon, VIT:** Honorable Mention; led a six-member team.
- **NPTEL:** Data Science for Python — 68%.
- **IBM SkillsBuild:** Getting Started with Generative AI.
